A WORD FROM THE SEA TEAM

Dear Parents,

Here we are, gearing up for 2025 with great excitement. It already feels like a year we'll all remember. Our recent summer camps were a wonderful success, and we couldn't have done it without your trust. Thank you for letting us care for what matters most to you—your children. We're truly honored, and we never take that for granted. That's why we're always looking for ways to improve, creating new programs and enhancing the experience at our facilities.

At **Swiss Language Camp (SLC)**, our goal is simple: offer high-quality programs that are available to as many students as possible. To make this happen, we focus on creating a safe, welcoming space where everyone feels accepted and encouraged to take on new challenges. Summer camps are all about making friends, and to foster that, we work hard to build a culture of inclusion—bringing students together from all walks of life, different cultures, and backgrounds. We've seen so many beautiful friendships begin here, and it's one of the things we love most about what we do.

In our **Swiss Business & Hospitality Camp (SBC)** and **Swiss Culinary Camp (SCC)**, we aim to provide world-class education. Our dedicated lecturers, who usually teach at the bachelor's and master's levels, put in a lot of work behind the scenes to design engaging curriculums. Our goal is to give students a taste of what it's like to study at some of the best schools in Switzerland—and who knows, this might just open the door for future opportunities.

With more than a thousand students and over 60 nationalities joining us each year, our camps are like traveling the world in one place. We'd love for you to be part of it in 2025.

SEA Team

At SEA, we grow by discovering the world with a smile.

MISSION

To provide opportunities for the next generation that inspire growth and shape futures with passion and purpose.

VISION

To deliver high quality education and experiences to tomorrow's world changers, and to equip them with the necessary tools for a brighter future.

VALUES

Grow

We're here to challenge and inspire. Our goal is to propel students out of their comfort zones, offering activities and training that develop skillsets. At SEA, it's not just about what you learn; it's about who you become.

Discover

Our students don't just attend classes; they embark on a journey of discovery. During their stay, we offer students a multicultural experience through interaction with students from all around the world and by immersing them in the rich culture of Switzerland.

Fun

Education should be exciting. We bring joy and laughter into the learning experience, creating an environment where engagement is high, inspiration is nurtured, and fun is always on the menu. We believe that enjoying the process of acquiring knowledge is just as important as the knowledge itself.

Swiss Language Camp

FOR AGES 10 TO 16

📍 Leysin 📅 From June 29 to August 16

Would you like to have fun while learning a foreign language? Swiss Language Camp is a summer camp that offers French, English, or German classes in the morning. Our qualified and experienced teachers combine classwork with practical exercises to optimize the learning experience.

Each week a new activity package is available so that you can discover new destinations, sports, and experiences – and make new friends for life. At the end of your stay, you will receive a certificate.

Our Facilities

Leysin is a traditional Swiss village, well known for its safe environment, with a total population of only 3,000.

Swiss Language Camp is hosted in the Mont-Blanc Palace. This former hotel was the property of Club Med until 2002, when it was acquired by Swiss Education Group (SEG). The village center and the sports infrastructures are within walking distance and are also accessible with free public transport.

Amenities

Accommodation & Meals

In Leysin, students have the choice between single standard or deluxe, and double standard or deluxe accommodation. Our deluxe room benefits from a beautiful view on the mountains and the famous Mont-Blanc. Each room has its own private bathroom and is cleaned by onsite personnel once a week during the stay.

Meals

An active lifestyle cannot be achieved without healthy food. Our chefs make varied menus on a daily basis, to make sure our students have all they need to enjoy the day.

Our chefs cater to all dietary requirements (vegetarian, vegan, halal, etc.) as well as any kind of allergies. So please make your needs clear during the application process.

Monday to Friday

From Monday to Friday, we offer three meals a day: breakfast, lunch, and dinner. Each meal is in the form of a buffet with salads, main courses, dessert, fruits, and beverages. Students are free to help themselves.

Saturday and Sunday

Days made for sleeping in! Breakfast and lunch make way for an enjoyable brunch, also in the form of a buffet. The afternoon activity is followed by dinner as usual.

Barbecues

What better way to vary a meal than to eat outside in the garden and taste a wide range of meats and salads, as well as desserts and fresh fruit.

Language Courses

Teaching Methods & Curriculum

Teachers are encouraged to use flexible and diverse teaching methods and techniques. Classes will be fun and engaging whilst ensuring students are learning and progressing in their studies. The lessons are based around language acquisition and immersive learning, meaning students will acquire specific language skills and then be given the chance to use them in real life situations. Our curriculum focuses on a range of topics, and we use predominately speaking, listening and reading. Each morning of classes ends with a project hour that allows students to collaborate across levels and even languages. The result of the project hour each week will be presented by students on Friday and serves as a reminder and evidence of the progress made each week.

Group Levels

We welcome all students and at all stages of their language learning. However, for us to place you into the correct level for your language course, it is important that you let us know your current level (beginner, intermediate, advanced) for your chosen language. During the application you will be asked for this information and will be given a short speaking assessment on your arrival at camp. With your teacher's agreement, you will be able to change levels if you feel you have been placed wrongly.

The Teachers

Our team of qualified and motivated teachers makes courses interesting and interactive. Classes are designed to provide relaxed learning conditions.

Class Atmosphere

At Swiss Education Academy camps, be inspired and filled with enthusiasm from day one by the great atmosphere that makes up the camp life. An ideal setting for you to enjoy learning a foreign language.

Teaching Facilities

Our facilities offer great teaching and learning conditions. Classrooms have been renovated and equipped with state-of-the-art multimedia devices.

Course Timetable

Courses take place in the morning, Monday to Friday, in the form of four 45-minute lessons, for a total of 20 lessons per week.

Certificate

By the end of your stay, you earn a certificate mentioning the learning program you participated in, which will be a lasting memento of all your good work.

Activity Programs

SLC activity programs have been tailored to entertain each student who stays in our camp. Each program has a duration of one week. If your stay is longer than one week, we recommend that you choose different programs for each week. After signing up for a program, you have until two weeks prior to your arrival to make modifications to your choices.

PARTICIPANTS' TESTIMONIALS

Mudiwa, Zimbabwe

This summer program helped me see education and culture from a different perspective and the lessons were engaging and dynamic and the teachers kept us on our feet by doing mind games and group activities. Our often excursions were well timed with our wheels which enabled us to see the best parts of Switzerland in a span of five days.

Swiss Business & Hospitality Camp
and Swiss Culinary Camp

Carla, Egypt

Honestly the environment, everyone was so friendly. There were activities all the time, we were having fun all the time, and everyone was very welcoming, so I feel like it was a great environment and community to get to know and get to be a part of.

Chi Ying, Hong Kong

I like everything, the campus, the atmosphere, the evening activities or the afternoon activities as well as the lessons because I think I've gained more insights into hospitality as well as branding management in my luxury and innovation lessons. Also, I made a lot of new friends here and I enjoyed it so much.

Lisa, Russia

Most of all, I liked the afternoon activities because they were interesting, and I made many new friends here. I now have friends from Brazil, and it's great to speak with foreign people and find new friends from other countries. We really enjoyed the food because breakfast, lunch, and dinner were very tasty. We were full all the time! Also, the activities are very nice because we have a mix of free time and activities. We can go shopping, eat ice cream or simply enjoy the view. Yesterday we went to Glacier 3000, which was breathtaking. It is my first time in Switzerland and I'm very happy that I made this trip. I came alone, without my parents, without my family, without my friends and I was a little bit scared at first, but the staff and students are so helpful and welcoming I now feel so happy to be here.

I love this camp so much! I came here last year and since then wished time away because I wanted to return. This camp helped me make friendships, even stronger ones than last year, and some of my friends from last year are here again. I think this camp is exciting, fun, and relaxing. I'm so sad that in two days I'll go home, but I suppose this is a good thing because it means that I had a great time.

I like that I met people from different countries, and the activities were fun, especially the Fit and Fast program which I liked the most. I liked the place, the view, and I liked the weather. That's it!
